In every department of the Fair
will excel any former year.

VOL. XXXI.

RENO, WASHOE COUNTY, NEVADA, MONDAY, SEPTEMBER 21, 1891.

No. 148.

5 O'clock Edition!

ODD FELLOWS.

Conclave in St. Louis
of Thousands.

CHINESE COMING FROM CANADA.

Suicide of Balmaceda at
Santiago.

Catholics Considering in Secret
Conclave.

Odd Fellows Conclave.

By Associated Press.
ST. LOUIS, Sept. 21.—The first day of the seventy-second Grand Encampment of the Sovereign Grand Lodge, I. O. O. F., opened cool and pleasant, much to the delight and comfort of the thousands who participated in the parade and the many thousands more who were here to see it. The reception committees were at the Union depot early this morning, and the large delegations arriving were promptly received and escorted to their assigned quarters. Many of the railways ran special trains bringing in cantons and lodges from towns within 200 miles of the city. The delegation from Springfield, Ill., outnumbered all others. It is estimated that over 50,000 Odd Fellows and their families are in the city besides many other thousands who come simply as spectators. Everywhere and in all directions could be seen uniforms and regalia of lodges.

Shortly after 1 o'clock the column began to move.

First came the Grand Marshal, Past Grand Master Woodward and staff. Following were Major General Sloan and staff commanding the Division of Mississippi; Lieutenant General Underwood and staff commanding the army of Patriarchs Militant; Brigadier General Cadle and staff commanding the first brigade of the Department of Missouri; the first division, under command of Colonel Harris, was composed of Missouri Cantons. Colonel Abercrombie commanded the second division, made up of Cantons from Missouri, Ohio and Kentucky. The third division, under command of Brigadier General Crocker was composed of Cantons from Chicago, Peoria, Springfield and Decatur, Illinois. In the fourth division were Cantons from different parts of Indiana. Then came Assistant Grand Marshal Vanderlehr, in command of the Cairo Division, followed by members of the Sovereign Grand Lodge in carriages.

The procession at first made its way slowly between the immense crowds gathered to witness the parade. Thousands of citizens and visitors lined the sidewalks and filled every available space and it was with great difficulty an opening could be made through the wall of humanity which packed the streets. The line of march was through the principal streets to the exposition building, in which was conducted the exercises of welcome. These consisted of cordial addresses by Governor Francis, on behalf of the State, and Mayor Noonan, on behalf of the city; Rev. J. B. Jewell, the Grand Master and the Grand Patriarch on behalf of the order, and replies by the Deputy Grand Sir and others.

At Twelfth and Olive streets the parade was reviewed from a stand erected at that point. On the stand were Lieutenant-General John I. Underwood and staff, many of the grand officers, Governor Francis, Mayor Noonan, the City Fathers, the President of the Board of Education, three division commanders and Mrs. Res, past President of the National Convention of Daughters of Rebekah.

Chinamen Sneaking In.

By Associated Press.
DETROIT, Sept. 21.—About twenty Chinamen, sneaked across the river from Canada last night under guidance of a white man. Eleven of them have been arrested and will be returned at once. They all were coached and said they lived at London and Vancouver. One of them fought desperately while being taken.

Suicide of Balmaceda.

By Associated Press.
NEW YORK, Sept. 21.—A dispatch to the Associated Press, under date of Santiago, September 21, from United States Minister Patrick Egan, confirms the published reports of the suicide of President Balmaceda.

Florida Phosphate Combine.

By Associated Press.
OCALA (Fla.), Sept. 21.—A call is issued to all phosphate miners and owners of phosphate land in Florida for a general meeting to be held for the purpose of forming an exchange for mutual protection. The necessity for concert of action is doubtless found in the present lower prices in European markets and great advance in freight rates to the United Kingdom and continental ports. The shipment of grain will probably keep freight up for some months to come and even at present there is hardly any tonnage offered. A movement will probably be made at the coming meeting to control the monthly output of Florida phosphate mines in the interest of companies and owners.

Congress of Catholics.

By Associated Press.
BUFFALO, Sept. 21.—Behind closed doors this afternoon there went into session in this city, twelve apostles of "Priestly Union" or the German-American Clerical Union. It was the first of a series of meetings of the Congress of German-American Catholics. Vicar-General Von Muhlshipp, of St. Louis, President of the Verein, called the meeting to order. The business was a scrutiny of documents, resolutions and motions to be brought before the Congress. All day the delegates have been arriving here to take part in the Congress which meets tomorrow. General interest is centered in the torch light parade announced for this evening.

Lynch Law in Wisconsin.

By Associated Press.
DARLINGTON (Wis.), Sept. 21.—At noon to-day an infuriated mob took from the county jail Anton Scholdt, who brutally murdered James Meighan last Wednesday, and hanged him to a tree in the court house yard. Scholdt was a desperate character. The city is in a state of excitement and the principal streets are crowded with people from the surrounding country. Scholdt was a hand on Meighan's farm.

Wheat Market.

By Associated Press.
CHICAGO, Sept. 21.—Wheat opened higher on strong and higher cables, reports of distress in Germany and an estimate given by the American agriculturists of the world's supply of wheat and rye. December started at 100 1/4 @ 100 1/2 against 98 3/4 at the close on Saturday and sold up to 101 1/4, off to 100 3/4, back to 100 1/2, off to 100 1/4, and at 11 o'clock the price was 100 3/4.

MEAT MARKET.

San Francisco Buyers Looking to Nevada for Supplies.

The Butchers' Gazette of the 19th inst. says of California cattle: The stubble is beginning to give out and it won't be long before we will have to look to our northern supplies. Some buyers are already in Nevada, but we do not hear of their having bought anything as yet, as the cattlemen of Nevada are higher in their views than San Francisco butchers feel they can afford to pay. The Omaha market for grass cattle is improving again, which gives the Nevada men good grounds for their firm views. Some buyers are also in Southern Oregon and Northern California, but we hear they are paying more than present prices warrant, and are not buying in any quantity. Nevada sheep are beginning to come in and some of the Oregon which we have heard of for some time are now on the market. The Oregon sheep are not in very good condition and we are afraid there will be a great many shrimps among them. Nevada sheep are expected to be plentiful from now on for about three months. Lambs are in abundant supply and are worth no more than mutton. The lambs are still coming forward from Nevada and though the supply of them is abundant, yet that State is our only source of supply.

Dr. Patterson.

Attention is called to the professional card of Dr. W. H. Patterson in to-day's GAZETTE. He can be found at his office in the First National Bank building between 11 and 12 o'clock A. M. daily and 1:30 to 4 P. M. His Sunday hours are 10 to 11 o'clock. His residence is at the corner of Third and Railroad streets—the Shoemaker house. Dr. Patterson stands at the head of his profession, and will give the sick who call on him prompt, intelligent and faithful attention.

Don't Whisper Near the Sick.

Never whisper in a sick-room. The sound is excessively expending to an invalid. Say what you have to say in a clear, distinct, though not necessarily loud voice which the patient will be under no strain to understand. I know of a lady, who, having been sick for some time, had had several people to watch with her. "Let me have Mrs. —," she at last begged, "she never whispers."

Mining at Oroville.

Work is now being actively prosecuted near Oroville, Cal., by the English companies that turned the Feather river for about three miles through a rock-ribbed canal, leaving its bed exposed for mining operations. About 300 men are employed, principally Chinese, who get \$1.25 per day, while the few white men are paid \$2.50 per day.

CHEROKEE STRIP.

People Ready to Race
For Land.

PRESIDENT ON PROHIBITION.

Hurricane and Influenza in
Spain.

Many Conventions in Session
To-day.

President's Practical Prohibition.

By Associated Press.
WASHINGTON, Sept. 21.—The President this morning vetoed upon three court-martial records that have been before him for some time. In the case of Lieutenant Miner, of the Ninth Infantry, sentenced to be "dismissed from the services on a charge of breach of promise to abstain from the use of intoxicants, the President confirmed the sentence. In case of First Lieutenant Sharp, of the Twentieth Infantry, sentenced to be dismissed on a charge of drunkenness, the President commuted the sentence to suspension from the ranks under half pay for one year. In the case of Ensign Wm. S. S. Cloke, U. S. N., sentenced to dismissal on a charge of absenting himself from the cruiser Baltimore while in Peru, after the expiration of his leave, the President mitigated the sentence to suspension from the rank and duty on furlough pay for two years, the culprit to retain his present number in his grade during that time.

A Race for Land.

By Associated Press.
GUTHRIE (O. T.), Sept. 21.—From early this morning the streets of this town have been blocked with wagons, horses and people, men, women, boys and girls scrambling to get here to take part in the race for government land. Everything is wide open. Liquor is plentiful and the gamblers are here with their outfits. Governor Steele will go to the county seat named Treumseh. The intention is to clear the town and with a signal let the race for town lots commence. Trains continue to arrive, bringing people anxious to secure homes. Men are in line before the land office still there, determined to make entry. Hotels, printing offices, stores and shops are taxed to their utmost capacity. Some establishments, especially those of the newspapers, are seriously crippled on account of their help leaving to join in the race.

Another Congress.

By Cable and Associated Press.
BERNE, Sept. 21.—The international Congress called to discuss the cause of accidents to workmen and the employers' liability in such cases, and the best means to be taken to prevent such accidents, opened here to-day. Up to the time the dispatch was sent there were only 100 delegates present out of 300 appointed by the various labor organizations to discuss the question referred to. Among the delegates who have arrived are four Americans. Drosé, Minister of Foreign Affairs, welcomed the delegates on behalf of the government of Switzerland.

La Grippe in Spain.

By Cable and Associated Press.
MADRID, Sept. 21.—A hurricane yesterday evening has added to the damage done by the recent floods to the town of Consuegra. Many houses previously undermined or otherwise weakened by the flood, collapsed last night. A further feeling of gloom has been caused throughout Spain by the announcement that a severe epidemic of influenza has broken out at Badajoz, the capital of the province of that name. There are already over two thousand severe cases of that disease in the city mentioned and it is feared the epidemic will spread over Spain.

Another Convention.

By Associated Press.
PHILADELPHIA, Sept. 21.—The sixth annual convention of the Switchmen's Mutual Aid Association convened here this morning. The session of the convention is secret. The principle business before the convention will be revision of the constitution and an effort will be made to take in the yardmasters and switchtenders.

Firing a Bull Ring.

By Cable and Associated Press.
MADRID, Sept. 21.—At a bull fight yesterday the spectators, becoming displeased with the performance, tore up the seats and set them on fire, threatening destruction to the whole building. The police finally cleared the citizens and put out the fire; not, however, before the building was partly destroyed.

England's Tory Leader.

By Cable and Associated Press.
LONDON, Sept. 21.—Sir John E. Gorst, political secretary of the India office, in an interview to-day upon the English land question, declined to commit himself upon any definite plan for the settlement of this grievance. He said, however: "Something must and will be done or a revolution is certain. I do not mean a bloody revolution, but I mean the people will demand possession of the land they live upon. They have now the power to do so, and they are dissatisfied with their present lot. Consequently they will have things altered."

Considerable attention has been attracted towards Sir John Gorst, who is a member of the Royal Labor Commission since last June, when in a remarkable outburst of plain speaking in the Commons, he expressed contempt for certain members of the ministry. His present utterance would seem to indicate that the appearance of Sir James Ferguson as Postmaster-General caused him to break out in a new direction. The Star to-day predicts he will be the leading "Tory Democrat," and intimates he is preparing to bid high for the rural vote.

The American Hog.

By Cable and Associated Press.
VIENNA, Sept. 21.—In an interview to-day with the United States Minister to Austria, Col. Fred Grant, in regard to the reported intention of the Austrian government to remove the prohibition placed upon the importation of American pork, he said: "I have great hopes that American pork products will soon be admitted into Austria-Hungary, but no definite action can be taken until Parliament meets. There has been much official correspondence on the subject, resulting in a position which leads the United States to expect an early and satisfactory settlement of the question."

Monument to Hudson.

By Associated Press.
ATLANTIC HIGHLANDS (N. J.), Sept. 21.—The committee having in charge the erection of the grand monument to mark the spot where Henry Hudson first landed on Jersey soil prior to his discovery of the Hudson river, concluded to receive plans for a monument to be erected and dedicated on the 9th of September next. The committee will also combine the same with celebrating the discovery of America by Christopher Columbus. The monument will be of great height and will be placed on the highest point of land overlooking Sandy Hook Point.

Immigration Convention.

Special to GAZETTE.
SAN FRANCISCO, Sept. 21.—The California Immigration Convention was called to order this morning by Chairman A. B. Briggs, who expressed gratification at the large number of delegates present from all parts of the State. About 100 delegates answered to the roll call. An amendment, that each delegate vote as he may choose on each subject and that a majority of the delegation from each county may vote for the absentees was adopted. A recess was taken for the appointment of committees of credentials and permanent organization.

Burned to Death.

Special to GAZETTE.
PETALUMA, Sept. 21.—This morning the calaboose at Tomales caught fire and before it could be extinguished, was burned with the contents, including William Jamison, a laboring man who had been locked up for drunkenness. When the fire was extinguished only a few charred ribs of the dead man were found. The supposed cause of the fire was a candle left burning.

Domestic Export Duty.

By Associated Press.
OTTAWA, Sept. 21.—It is reported that the government intends to reimpose an export duty on logs. A deputation of lumbermen will shortly wait upon the government to urge this step be not taken, as it would imperil trade.

British Post-master.

By Cable and Associated Press.
LONDON, Sept. 21.—Sir James Ferguson, political secretary of the Foreign Office, has been appointed Postmaster-General, to fill the vacancy caused by the death of Raikes.

Weather Report.

Special to GAZETTE.
SAN FRANCISCO, Sept. 21.—Forecast, light rains in northern California and in the mountains.

TELEGRAPHIC BREVITIES.

The Colorado Foreign Mission and National Convention is in session at Dallas, Texas.

The Oregon Railway and Navigation Company declared their quarterly dividend of one and one-half per cent, payable October 1st.

At Cleveland, Fred Krammerer, the wife-murderer, this morning committed suicide in jail by hanging himself to a waterpipe in his cell.

The Widow's Mite.

By Associated Press.
NEW YORK, Sept. 21.—Mrs. Sophia Brown, widow of Edward Brown, has begun suit to dissolve the firm of Brown and Pulverman, of which her husband was a member. The junior partner is also dead. The firm is probably the largest theatrical manufacturing concern in the country, doing a business of about \$400,000 per year. The suit is directed against L. J. Finch, manager of the business, who, Mrs. Brown alleges, assumed absolute control of affairs and refused to give her a money statement or pay her her share of the profits as devised in her husband's will.

Funeral Services.

By Associated Press.
NEW YORK, Sept. 21.—Funeral services were held to-day over the remains of Major Bundy, late editor of the Mail and Express, who died in Paris. There was present a large number of newspaper men and representatives of the political and business world. The body will be interred at Beloit, Wisconsin.

Furious Tale.

By Cable and Associated Press.
LONDON, Sept. 21.—Dispatches from Berwick on Tweed, Northumberland, announced that a furious gale has been raging there and that several vessels were wrecked in addition to a great amount of damage done by the storm to the harbor. Crops throughout the borough suffered severely.

Another One.

By Associated Press.
THOY (N. Y.), Sept. 21.—The National Convention of councilors, commanders and subordinate councils of the Order of United American Mechanics, opened here to-day. The program included events at the City Hall and a parade.

Sentence Postponed.

Special to GAZETTE.
VIRALIA (Cal.), Sept. 21.—Grattan Dalton, convicted of the Alila train robbery, was in court for sentence this morning. The reporter's notes were not transcribed and sentence was postponed to October 6th.

Grain Market.

Special to GAZETTE.
SAN FRANCISCO, Sept. 21.—Wheat buyer \$1.73 1/4; season, 1.81 1/4.

TO-DAY'S RACES.

Three Interesting Contests Enjoyed by the Spectators.

The first race to-day was a dash of a mile between Canny Scott, Wild Oats, Vinco and Kilgariff. Lawless mounted Canny Scott, Sullivan rode Wild Oats, while Mooney steered Vinco and Morton managed Kilgariff. Pool selling was not very lively, but a few dollars changed hands at the following odds: Wild Oats \$10, Canny Scott \$4, while Vinco and Kilgariff sold in the field for \$5. The judges were W. R. Chamberlain, Theo. Winters and John Sweeney of Carson. This was a very pretty heat, a blanket would have covered them all the way around the track. Canny Scott came in nearly a length ahead with Wild Oats second, Vinco third and Kilgariff last. Time, 1:44.

The second race was a two-year-old running stake of 3/4 of a mile, Zaldivar and Valeria being the only starters. O'Hern piloted the former and Valeria was ridden by Ward. Pool sold \$10 to \$4 for Valeria. George Cunningham acted as starter and got them off well together. The judges were Chamberlain, Sweeney and Foley. Zaldivar came in an easy winner with Valeria lapping the little gelding. Time, 1:03 1/2.

The third and last race was 1-16 of a mile between Beattie Shannon and Del Mar, and as the little mare was lame Del Mar took the race easily. Time 1:51.

This ended the day's sport at the track. To-morrow will be the greatest event of the week and those who fail to see it will miss a treat.

Badly Hurt.

General C. W. Boston, the Grand Marshal, met with a very severe accident by his horse falling on him. He was mounting the animal when he was reared up, falling on him, and in getting up he struck General Borton with his foot, cutting a gash about three inches long in his chin, but broke no bones. He was taken to town.

MARRIED.

STIDHAM-MCHWEN.—In Eureka, Nev., September 17, 1891, by Judge A. M. Fitzgerald, Hugh A. Stidham and Miss Cora B. McWhen, both of Eureka.

DIED.

KENNEDY.—In Reno September 17, 1891, P. H. Kennedy, a native of Ireland, aged 43 years.

THE REV. GEORGE H. THAYER, of Bourbon, Ind., says: "Both myself and wife owe our lives to SHILOH'S CONSUMPTION CURE." For sale by S. J. Hodgkinson.

AT THE TRACK.

A Fine Week's Sport Guaranteed to All.

The Fair Opens Under Favorable Conditions—The Exhibition of Fancy Live Stock the Largest Ever Known.

The shower of rain that fell at an early hour this morning seemed to be for the benefit of the Fair, for it put the track in the best of condition and laid the dust in every direction without making it muddy. The attendance was very good for a "first day" and the gate receipts were as large or larger than the first day last year. The display of live stock is the most striking feature and it would be hard to find a finer one in any State in the Union. Prominent among the exhibitors are Joseph Marzen from Lovelocks with a family of 28 head of short horns; Seymour Bryant with a fine group of full blood Durhams; Orville Sessions with his short horn family; Wm. Wright with a good horse show headed by his famous stallion, Merrifield King; Theo. Winters with Old Marion, the dam of so many of his last ones, El Rio Ray, her son, besides about 30 other future record breakers.

THE PAVILION Is fast filling up and promises to be very good, but one thing is painfully apparent and that is the lack of interest shown by the townspeople generally, and especially among the ladies to make the exhibit in the fancy work department what it should be. This, however, may be remedied later on.

To-morrow morning at 10 o'clock there will be a stock parade and an interesting program in the speed races. The event of the day, if not of the week, will be the \$1,500 Reno stake race, with twenty entries. There will most likely be ten or twelve starters, and as they pass the judges' stand twice, running a mile and one-sixteenth, with the best horses on the coast, it will be intensely interesting and exciting. To-morrow will be one of the best days of the week and everybody should attend. The races to-day are very good, an account of which will be found on the first page of the GAZETTE.

A NEW INDUSTRY. What a Truckee Furniture Man Wants To Do.

Under the caption of "Enterprising Reno," the Truckee Republican says: Reno has a Board of Trade that is doing good work for the town. The business men are energetic and are wise enough to see that they must bring new industries to the town. In looking around they have caught sight of the Truckee Furniture Factory and have offered Mr. Davies a free site with necessary water-power if he will remove his factory from Truckee to Reno. Mr. Davies is building up a good business here and wants to enlarge his works. He employs ten hands, and in a year or two may employ twice the number. He wants a permanent location and thinks seriously of removing to Reno.

Now if our business men have any "get up" to them they will see that Mr. Davies and his business stays here. And the business men have better commence to rustle right away and keep up a lively gait if they hope to cope with the Reno Board of Trade.

OUR DICK. A Nevada Horse That Was Very Popular Throughout the California Circuit.

State Senator Evan Williams came up from Sacramento yesterday. He said that his horse Our Dick was quite sick with epizootic and that it was doubtful if he would be able to start him. He was entered at both Sacramento and Stockton, but was too sick to keep his engagement at either place. Mr. Williams said that Our Dick was very popular throughout the entire California circuit. Orin Hickox thinks he will be able to make a 2-10 record next year. Dick manages to hold his own in company with such fast ones as Turk Frank, Gold Medal, Prince Alien and Hummer, which speaks well for a Nevada production.

LEAVE YOUR ORDERS. The "Weekly Gazette and Stockman" will contain a Full Account of the Shooting and Lynching.

The full account of last week's shooting and lynching, with illustrations, will be in this week's WEEKLY GAZETTE and STOCKMAN. The daily issue was largely in excess of the usual number, but they were all sold in less than an hour after the paper was off the press and many called for that could not be supplied. Any one wanting the weekly is respectfully invited to leave orders at this office any time between now and Thursday. Papers on sale at Thurston's news stand in the meantime.

At the Opera House. If you miss John Piper's variety show at the Opera House to-night you will miss a first-class performance. The admission is only 75 and 50 cents and the show people give a \$1.50 performance.

WHERE TO GO.

The Following Business Places Are the Very Best in Town.

Trade statistics show that 95 per cent of all the merchants of the country who embark in business fail from some cause within a few years, and that only 5 per cent of all continue in business for a long term of years. Reno boasts of some successful merchants, and among them is

A. H. MANNING, Who has continued in business for so many years, interrupted only by fires—in which case he has reopened as soon as a building could be provided—or by dissolution of copartnership—in which case his name has always been found as the successor—until his name is associated with the old landmarks of trade, and is as much a part of Reno as the iron bridge across the Truckee. His hardware store has become a permanent depot of supplies for the farmers of Washoe county and all this section of the State, and he has sent agricultural machinery to all parts accessible to this market. His farm wagons are rolling over all the roads in this region and his store supplies the town with stores of all kinds, while his plumbers are indispensable. Call and inspect his stock, which is the most complete of any in the State.

THE RIVERSIDE HOTEL Is one of the very best in the city, and all who apply can be accommodated with first class rooms and board.

H. LETER, The bon-ton tailor, will fit you out with the finest suit of clothes, made in the latest style and very cheap. His shop is in the Cooke's building, on Virginia street near Commercial Row.

THE GRAND CENTRAL HOTEL, Kept by Dan O'Keefe, is always a home for the travelers. The table is supplied with all the substantial as well as the luxuries of the season and is a nice place to stop.

ALFRED NELSON Is the sole agent for the celebrated White Labor 5-cent cigar, and the smoker don't want to fail to call upon him, for he carries everything in their line. His place is on Virginia street and may be known as the only store in the town having a marble pavement in front.

PHOTOGRAPHY. If you fail to go to Swisher & Bender's and have your photograph taken you will miss it. This firm is doing the finest kind of work; in fact, they cannot be beat on the coast, and a good photograph of your father, mother, sweetheart or friend is a souvenir worth having.

Among the many first-class blacksmiths and horse-shoers in Reno, the firm of

CLARK & WALLAM, In the old Hussey shop on Center street, have succeeded in establishing an enviable reputation for first-class workmanship and are prepared at all times to shoe short notice, and to invite the patronage of the public, with a guarantee of giving satisfaction.

A LITTLE OEF. The Truckee "Republican" Tells About the Lynching.

The Truckee Republican tells its readers about the lynching of Ortiz as follows: "At midnight Nash was reported to be dying, and there was a gathering of excited men. Soon a hundred or more determined men were assembled together and by common impulse they marched to the jail. The keys of the cells were demanded of Sheriff Emmitt, but he refused to surrender them, but the mob had come prepared and the doors were battered down and Ortiz was dragged from his cell. He was borne by the mob to the bridge, where a convenient glider affords a safe place of suspension. A rope was thrown over it, a noose was thrown over the head of the terrified man and in less time than it takes to write it, he was making dents in the atmosphere with his heels. The body remained suspended until this morning. Nash's murder was avenged."

AN ATHLETE. A Reno Boy Wins Six Prizes at the Napa College Field Day Exercises.

O. W. Treadway, a nephew of Prof. Ring, and well-known in Reno, won six prizes at the Napa College field day exercises, held there on last Friday. He beat all competitors in the 100-yard foot race, another at "putting shot," still another at pole vaulting and jumped higher. He ran a dash of 220 yards in 23 1/2 seconds and jumped 4 feet and 7 inches from a stand still, besides winning his record as an athlete by winning the 440-yard dash in 54 4/5 seconds, beating the Napa College record over 3 seconds. If young Treadway is as accomplished in his studies as he is as an athlete he will be heard from before many years.

KILLED BY A BASE BALL. In a Game at Carson Yesterday Afternoon.

During a game of base ball at Carson yesterday afternoon, a young man named Stanley, aged about 20 years, was struck on the spinal column at the neck, by a pitched ball and almost instantly killed. He was at the bat and the pitcher, named Urtle, sent a moderately swift ball with an out curve. Stanley dodged but was caught on the neck, and straightening up, dropped his bat. He was called on to run to base, but answered "Run for me," and, stepping back, sat down, and immediately fell forward dead. The game was being played by local nines on the Silver State grounds. It occurred about 4 o'clock yesterday afternoon.

State Land Office. Since last report five applications to purchase State land were filed, embracing 561.32 acres.

CASH RECEIPTS. Payment on application \$450 33 Second and full payment 2,040 00 Payments on contracts 31 13 Interest payments 242 11 Total \$3,463 57

BREVITIES.

Local and General Intelligence. See 50-cent column for furniture for sale. Blaisdell, the giant Safety Nitro agent, is in Reno. Call at the Merchant's Exchange for cool summer drinks. Fifteen or sixteen car loads of flyers came up from Sacramento to-day. There will be social dances at Armory Hall on Tuesday, Thursday and Saturday nights of Fair Week. \$14w

Go to John Belz's shop and take a bath in one of his elegant porcelain tubs and you will feel like a new man. The sporting element is represented by the usual familiar faces, all eager and alert to seize an opportunity to make an honest dollar.

The GAZETTE acknowledges the receipt of complimentary tickets to the Ormsby County District Fair which opens next Monday. Thanks. Try Alturas roller flour and you won't use any other. It is cheaper, too, than the other brand and has been in the market and every bit as good.

It is semi-officially estimated that the revolution in Chile cost the country \$70,000,000. As the normal revenue of the State is \$52,000,000, recuperation will be speedy.

The rain last night was very serviceable in laying the dust and preparing the streets and road to the Fair grounds. Every indication is propitious for a week of enjoyment.

All kinds of gambling devices arrived yesterday on the train from the west, and packages containing everything from the Wheel of Fortune to a tin dice box were quickly moved to the different resorts.

All the hotels are crowded, their rooms having been engaged in advance some days ago. But like an omnibus, there is always room for one more, so come right along and you will get accommodated.

"Is that the President of the Bank?" "Which one?" "That stylish looking fellow who says 'I' and the Board of Directors' so much." "No, that's the janitor." Order your stylish suits from John Sunderland.

Wm. Dumphy had a train of 24 cars loaded with cattle, en route from Arizona to his Elko county ranch, near here yesterday. That speaks well for Nevada when cattle are shipped 1600 miles to be fed in this State.

The Virginia Chronicle of the 19th inst. says: "Last night the police officers run in ten boys that were congregated about Piper's Opera House after 8 o'clock, contrary to the ordinance forbidding their presence on the streets after that hour." It would be a wise thing to enforce the ordinance that exists here, by an application of the same kind of politice.

WATER TERMS. Which are Used in Irrigation Technicities.

As there does not appear to be a clear understanding by most people of many of the terms used in connection with irrigation, the following, by Charles L. Stevenson, hydraulic engineer, defining the meaning of such expressions and giving the comparative values, is useful.

Irrigation water is measured generally by the cubic foot, by the gallon or by miners' inches. The "duty of water" means the area of land upon which a definite volume of water, applied during a given period, will successfully raise crops. Thus, the average duty in Utah of one cubic foot per second during a period of 120 days, is 100 acres. One cubic foot per second is a "second foot." The "acre foot" is the equivalent of one acre covered one foot deep, or 43,560 cubic feet. The miners' inch is a variable quantity, depending upon the head above the one-inch orifice of discharge. It varies from a four-inch head to a six-inch head, and is not a commendable unit of measure. Thus, there are fifty miners' inches to a cubic foot per second, California measurement, and about thirty miners' inches, Colorado measurement. One cubic foot contains 7 1/2 United States gallons of 231 inches.

Cubic Feet.—1 cubic foot per second equals 2 acre feet in 24 hours, 60 acre feet in 30 days, 180 acre feet in 3 months, 720 acre feet in 1 year, 7,200 acre feet in 10 years, 72,000 acre feet in 100 years, 720,000 acre feet in 1,000 years.

California Inches.—100 California inches equals 4 acre feet in 24 hours, 1 acre foot in 6 hours, 120 acre feet in 30 days, 360 acre feet in 3 months, 1,440 acre feet in 1 year, 14,400 acre feet in 10 years, 144,000 acre feet in 100 years, 1,440,000 acre feet in 1,000 years.

Colorado Inches.—100 Colorado inches equals 5 1/2 acre feet in 24 hours, 1 acre foot in 4 1/2 hours, 15 1/2 acre feet in 1 month, 465 acre feet in 3 months, 1,395 acre feet in 1 year, 13,950 acre feet in 10 years, 139,500 acre feet in 100 years, 1,395,000 acre feet in 1,000 years.

New Clearings in Frontier Settlements. Often give birth to malaria, as one of the first fruits of an upturning of the soil. Malaria is a relentless foe to the newly arrived emigrant if he is unprepared to meet it by the use of a reliable preventive. It is therefore, behooves and seeking the aid of the medical profession to provide themselves with a medical guaranty against chills and fever, bilious remittent and ailments of the kindred organ. Hostetter's Stomach Bitter has for nearly half a century been esteemed the best. From Maine to Oklahoma, from Victoria to San Juan del Sud, its acknowledged superiority meets with no challenge.

Medical testimony, the most positive and direct, backs up the general verdict, as less of regard to its virtues in case of liver complaint, dyspepsia, constipation, rheumatism and kidney ailments, than in cases of malarial disease.

PALACE DRY GOODS HOUSE.
PALACE
DRY GOODS AND CARPET HOUSE
GRAND OPENING
—OF—
